

Who can I speak to if I need help?

Not being at school/college every day can make it harder to find adults you trust to talk to about worries you have or things your friends are dealing with. We have put together some websites and safe anonymous phone numbers that you can use to get advice and info about some issues you may be dealing with. Some great websites that have loads of stuff about all kinds of issues are [The Mix](#) and [the Children's Society](#).

Add the safeguarding contacts (email, text or phone) for school/college here.
The school may be closed but your teachers are still here for you.

Abuse

If you, someone in your family or a friend is being abused or treated badly, you can call these numbers to speak to someone. All calls are anonymous.

[NSPCC](#) Childline **0800 1111**
